## Course Overview

The **QA Level 3 Award for Emergency First Responders (RQF)** is a regulated and nationally recognised qualification that has been specifically designed for those who are likely to be responding to an emergency incident, including: community first responders, emergency services personnel, event medical responders, cabin crew and first aiders.

Successful candidates will gain the necessary knowledge and skills required to deal with a range of prehospital care emergencies, such as: managing a patient's airways, dealing with catastrophic bleeding and managing major illnesses.

This qualification is also ideal for those seeking to develop their skills in order to progress into other areas of prehospital emergency care, such as the ambulance service.
